Dynamic Prescription Benefit Management Services

WellDyneRx is a full-service, national pharmacy benefit manager (PBM) that empowers clients through progressive health strategies and customized solutions that lower total cost of care and improve member health. WellDyneRx serves the needs of over 6 million members through third party administrators, government organizations, union groups, hospitals and health clinics, self-funded employer groups, managed care organizations and Medicare plans. With a wide array of dynamic prescription benefit management services, clinical expertise and proactive consultation, WellDyneRx provides flexible solutions to effectively meet clients' unique health care needs.

The WellDyneRx Difference

As an influential thought leader, WellDyneRx excels at developing elevated and integrated health care solutions that enhance value for employers, health plans and members. Our unique approach to plan management maximizes the value of

our unmatched services, enabling us to provide clients with the strategic business advantages that are required to excel in today's dynamic environment. We take an active interest in understanding our clients' health care goals, anticipating their needs and exceeding their expectations.

WellDyneRx's wide spectrum of solutions helps clients balance short- and long-term goals for providing quality health care, cost control and member satisfaction. Our areas of expertise range from integrated pharmacy benefits to clinical support and management to comprehensive employee engagement strategies.

By looking beyond traditional trend management, WellDyneRx delivers advanced pharmacy benefit solutions dedicated to managing the ever-rising cost of pharmacy benefits. WellDyneRx utilizes proprietary and flexible software systems to help you achieve your drug cost management objectives. As a one-stop-shop for comprehensive benefit programs and services, we provide:

- Unparalleled plan designs
- Custom clinical and disease management programs
- Dedicated account management
- Member support and education materials
- Comprehensive reporting & analytics capabilities
- Fully integrated, state-of-the-art mail order services
- Fully integrated specialty drug services
- Unique cost-containment options
- Multi-lingual 24/7/365 customer service
- Adherence programs
- Employee engagement and wellness strategies
- Web-based and mobile applications and services
- Medicare Part D services

WellDyneRx services its health plan members through a retail network of over 65,000 pharmacies nationwide. Our two full-service mail order facilities utilize advanced robotics to accurately fill more than 1 million prescriptions per year.

Incredible Service

Since 1990, WellDyneRx's unrivaled solutions, advanced technology and client-centric approach to pharmacy benefit management has established us as an industry leader. By collaboratively working with our clients, we provide personalized attention, accessibility and proactive support. WellDyneRx is built on the principle that by delivering incredible service to our clients, we create relationships that last a lifetime.

Our deep knowledge of health care and understanding of important developments within the industry gives us unique insights into trends and solutions for our clients. With unmatched service levels, informative management reporting and independent advice, our high-energy culture is centered on meeting the needs of each and every customer. WellDyneRx is committed to understanding our clients and delivering best-in-class customer service and an experience that sets us apart from other PBMs.

Flexible Solutions and Integrated Strategies

Guided by our knowledge and vision, WellDyneRx delivers flexible pharmacy benefit solutions that create greater efficiencies and improve the value of the health care system as a whole. We provide superior outcomes to those we serve through advanced solutions, systems and services that promote choice in decision making.

You can trust our high level of commitment in finding the right solution for you every time. If your goal is to trust your PBM to create the solution that fits, we invite you to further explore WellDyneRx's record of service, performance and innovation.

WellDyneRx is committed to being a partner that continually works to lower our clients' total cost of care by providing dynamic client and member services. We are advancing pharmacy benefits with the knowledge, innovation and technology to ensure continual positive change within the market.
